Description: Ponds are quiet, shallow freshwater expanses that are home to a vast and intriguing variety of plants and animals. This attractive and information-packed coloring book — a perfect learning tool for young ecologists — provides detailed, accurate depictions of denizens of various freshwater pond environments. Carefully researched and skillfully rendered...

Review: I have thoroughly enjoyed coloring these pages. When I'm done, I'm going to read it to my grandson and make a gift of it to him. It is filled with pages of different aquatic, land and air animals, birds, fish and plants with their names and descriptions. Very educational and fun. I can't wait to finish it so I can show it to my grandson. I've really...
